

The State of Iowa
Consolidated Plan for Housing & Community Development

**CONSOLIDATED ANNUAL
PERFORMANCE AND EVALUATION
REPORT
(CAPER)
Program Year 2023**

March 12, 2024

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The 2023 program year is the fourth year of the 2020-2024 Consolidated Plan cycle. There are some accomplishments associated with goals outlined in the 2015-2019 Consolidated Plan, however, the State has generally kept goals consistent across Consolidated Plan cycles. Those accomplishments that took place in the 2023 program year, associated with the previous Consolidated Plan, are integrated into the CR-05 accomplishment table below.

The state continues to make progress on goals outlined in the Strategic Plan. The accomplishments reported below tend to represent the highest income-band within the low-moderate income households (51-80% of median family income). Strategic Plan goals were not categorized by income level, so it does make direct comparisons between goals difficult. There is consistently a greater need than there are funds available, however, the State makes every effort to leverage private funding resources and target assistance to the recipients where the most impact is recognized. The state will continue to leverage other private funding where possible to address those Strategic Plan goals in the Consolidated Plan.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete
Affordable Rental Housing	Affordable Housing Public Housing	CDBG: \$ / HOME: \$ / HTF: \$ / CDBG- NDR: \$	Rental units constructed	Household Housing Unit	100	152	152.00%

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The majority of the state's CDBG funds go to improving and maintaining water and sewer systems. In 2023, these projects expended over \$11M in funds and assisted 61,183 persons - just over the expected number of 60,000. These types of projects will continue to be a priority in the future. The state's Downtown Revitalization Program assists communities with impactful downtown exterior improvement projects that

eliminate slum and blight conditions. The program revitalizes downtown districts and is on track to meet its five year goal of rehabbing 150 buildings. In 2022, the Consolidated Plan was amended to add funding for a Neighborhood Revitalization program that would provide assistance for neighborhood planning. That program just started to take shape in 2023 with 6 communities being awarded \$150,000 in planning grants. Funding for Opportunity and Threats continues; the state is on pace to meet its five year goal.

Consistent with its Consolidated Plan, the state has placed tremendous resource into the development of affordable housing. Consequently, almost twice as many rental units have been constructed using HUD funds since 2020 than were originally contemplated. Moreover, the state has leveraged additional federal funds to develop both a \$20 million program for owner-occupied new home construction, rehabilitation, adaptive re-use, and down payment assistance; as well as, a \$4 million Home Rehabilitation Block Grant program that offers rural Iowa communities an opportunity help preserving their homes, respectively. CDBG continues to complete units in its discontinued Homeownership program. \$8,854,283 in funds were expended, resulting 245 units rehabbed.

In February of 2023 the state's HOME-ARP plan was approved by HUD and work began to create a funding round. The state expects to award HOME-ARP funds to eligible projects in early 2024.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	HTF	HOPWA
White	57,833	185	176	18
Black or African American	892	309	202	12
Asian	347	0	6	1
American Indian or American Native	175	1	3	0
Native Hawaiian or Other Pacific Islander	52	3	5	0
Total	59,299	498	392	31
Hispanic	6,346	2	38	1
Not Hispanic	52,953	496	362	30

Describe the clients assisted (including the racial and/or ethnicity of clients assisted with ESG)

	HESG
American Indian, Alaska Native, or Indigenous	48
Asian or Asian American	15
Black, African American, or African	1,396
Hispanic/Latina/e/o	23
Middle Eastern or North African	0
Native Hawaiian or Pacific Islander	29
White	2,232
Multiracial	766
Client doesn't know	103
Client prefers not to answer	0
Data not collected	30
Total	4,642

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

For ESG, the categories "Client doesn't know" and "Client prefers not to answer" are combined in HMIS. These totals are combined under "Client doesn't know" on the report.

The categories listed above are not all inclusive of what IEDA collects for CDBG. In those cases, IEDA

added the numbers to the category that was most similar.

The race categories listed above are also not inclusive of what IFA and IDIS collect for race beneficiaries on the HOME completion screens. IFA added the numbers to the category that was most similar.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	24,645,105	22,428,043
HOME	public - federal	9,293,374	7,077,214
HOPWA	public - federal	870,074	650,711
ESG	public - federal	2,951,450	2,447,803
HTF	public - federal	3,066,414	2,972,489

Table 3 - Resources Made Available

Narrative

Note that the totals above for all the programs are based on the PR07 Drawdown IDIS reports, rounded to the nearest dollar, for the total amounts drawn during the program/calendar year for each program, rather than the amounts drawn against specific grant fiscal year awards.

The State received a total of \$31,367,906 in CDBG-CV funding. Based on the PR-26 report, a total of \$22,016,383 or 70% of the CDBG-CV funding has been expended.

CDBG-DR funds are not included in the CAPER. Those funds are reported separately in Quarterly Performance Reports (QPRs). The State of Iowa's CDBG-DR QPRs can be found on IEDA's website:

<https://www.iowaeda.com/disaster-recovery/>

HOME-ARP funds of \$29,474,196 were awarded the state in February of 2023. However, due to an administrative error in the allocation of HOME-ARP funds the actual amount available equals \$29,225,618.00. IFA estimates these funds will begin to expend in late 2024.

IFA/IEDA continues to spend down the State and Local Fiscal Recovery Funds it received in 2021. The State made a \$100 million investment to increase the supply of housing options and protect and expand housing opportunities for Iowans to live in or near the communities where they work. These programs included: Federal Housing Tax Program, Iowa Home Grant, Downtown Housing Grant Program, Homes for Iowans, Minority Homebuyer Downpayment Pilot Program, and a Home Rehabilitation Block Grant Program.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

The State does not distribute funds geographically; however, does make it's applications open to all geographic areas via a competitive award processes to ensure HUD funds are distributed evenly across the state. The State makes investments in a number of metropolitan and non-metropolitan counties. While several major urban areas appear to have a concentration of projects, many rural areas also received awards. These areas often are smaller communities experiencing economic growth, with a shortage of affordable housing for low-income residents

For the CDBG program, Iowa encourages jurisdictions to target non-housing community development funds in areas where at least 51% of the residents have incomes at or below 80% of the Area Median Income.

For HOME Investment Partnerships Program (HOME), Iowa does not set specific geographic target areas. These investments leverage other federal, state and local investments to encourage holistic planning and community development. Points are also awarded to projects located in "high opportunity areas" and "very high opportunity areas" to ensure that low-income individuals are afforded the opportunity to live in areas where higher-wage jobs are present.

For Emergency Solutions Grants (ESG), Iowa does not set specific geographic target areas for ESG activities, but it does incentivize regional collaboration through the development of Coordinated Services Regions for homelessness assistance.

Local interest and initiative in developing and carrying out programs and projects control the geographic distribution of the State's investments in affordable housing and non-housing community development. In an effort to distribute awards statewide, the State conducts outreach activities, including ongoing contacts and meetings with regional groups. These groups include: Councils of Governments, Local Officials, and Community Action Agencies. The method of distribution process helps to select projects and proposals targeted toward meeting priority local needs.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The State of Iowa makes every effort to leverage CDBG, HOME, HTF, ESG and HOPWA funds with non-federal funding resources, including many of the programs identified below. HOME funds have leveraged various amounts and varying types of private and non-federal public funds. Rental projects typically tend to be better leveraged than owner-occupied rehabilitation or homeownership assistance projects. ESG also requires a one-to-one match. IFA passes on this requirement to the subgrantees.

The ESG program is matched through a contribution of state Shelter Assistance Fund dollars to meet 25% of the required one-to-one match, with the remaining 75% from matching contributions from subgrantee agencies. The Shelter Assistant Fund supports the operations of homeless and domestic violence shelters. More than \$1.7 million was awarded for the program in CY23.

Federal Mortgage Revenue Bond and Tax-Exempt Multi-Family Bond Programs: The Iowa Finance Authority (IFA) issued tax-exempt bonds of approximately \$255 million in 2023. These proceeds were used to fund new single-family production and an entry cost assistance program.

Clean Water State Revolving Fund: Clean Water State Revolving Fund: The U.S. Environmental Protection Agency annually provides capitalization grants for the Clean Water State Revolving Fund (CWSRF), a revolving fund for sewage treatment system improvements, as part of the Clean Water Act. Those grants are combined with a state match and interest and principal paid on existing loans to create a revolving loan pool. The Iowa CWSRF is jointly administered by IFA and the Iowa Department of Natural Resources (DNR). In FY 2023, the state executed assistance agreements totaling \$418.9 million to support infrastructure projects in Iowa communities.

Drinking Water State Revolving Fund: The U.S. Environmental Protection Agency annually provides capitalization grants for the Drinking Water State Revolving Fund (DWSRF), a revolving fund for drinking water treatment system improvements, as part of the Safe Drinking Water Act. Those grants are combined with a state match and interest and principal paid on existing loans to create a revolving loan pool. The Iowa DWSRF is jointly administered by IFA and the Iowa DNR. In FY 2023, the state executed loan commitments totaling \$96.3 million for municipal drinking water infrastructure improvement projects.

IFA administers the LIHTC program in Iowa. LIHTC is available to investors for affordable rental projects. In 2023, \$11.2 million in 9% tax credits were awarded by IFA, creating, or preserving 450 units for low-income households. IFA awarded \$10.1 million in 4% tax credits creating or preserving 1,130 units for low-income households.

HCBS Rent Subsidy: IFA provides subsidies to persons who have received a home and community-based waiver services under the Medicaid program and individuals who are eligible for the federal Money Follows the Person grant program if they are eligible for rental assistance under this program. IFA expended over \$713,528.61 in CY 2023.

No publicly owned land or property was used to address the needs identified in the plan.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	28,526,890
2. Match contributed during current Federal fiscal year	151,810
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	28,678,700
4. Match liability for current Federal fiscal year	552,719
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	28,125,981

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	120	368
Number of Non-Homeless households to be provided affordable housing units	40	539
Number of Special-Needs households to be provided affordable housing units	52	157
Total	212	1,064

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	177	874
Number of households supported through The Production of New Units	24	65
Number of households supported through Rehab of Existing Units	9	114
Number of households supported through Acquisition of Existing Units	2	18
Total	212	1,071

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

For the second year in a row, the state has outperformed its one-year goals. Generally, differences between goals and accomplishments may be due to fluctuations from one year to the next in activity completions. With respect to the Homeless population, the increase in actual households supported may be due to the state receiving and granting out additional ESG-CV funds. In February of 2023 the state received \$627,305 in reallocations and made 11 awards as a result.

In CY2023, a HOME funding round was held for rental new construction, rehabilitation, acquisition rehabilitation, homebuyer assistance, and tenant-based rental assistance programs.

For the CDBG program, grant funds were provided to communities to rehabilitate existing owner-occupied housing and upper story rental. The owner-occupied housing program was discontinued in CY2022 and no further funding was allocated. Numbers reported in CY2023 are reflective of those projects being completed, CDBG completed the rehabilitation of 107 Owner-occupied units and 7 upper story rental units.

In table 1, the 107 assisted in 2023 with CDBG were broken up between non-homeless(84) and special needs(23). In table 2, the 114 assisted with CDBG were all in the *Rehab of Existing Units* row. The remaining actual accomplishments are a result of HOME funded projects.

While meeting one-year goals does not appear to be an issue in 2023 the state does continue to face challenges. Inflation, supply chain issues, and the cessation of COVID related funding has made it difficult for developers to complete projects under budget and service providers to operate at capacity. Perhaps as a result, the state saw a slight decrease in the number of applications for federal HOME/HTF funds in 2023. The state is reviewing ways it can adjust programs to better support developers and service providers in overcoming these economic headwinds.

Note all data identified in the tables are based on affordable housing as defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership and in the HTF regulations at 24 CFR 93.302 for rental housing and 24 CFR 93.304 for homeownership.

Discuss how these outcomes will impact future annual action plans.

The CDBG, HOME & HTF programs are expected to be on track to meet established housing goals in future annual action plans. Nevertheless, IEDA/IFA is aware of external threats that impact program participation and will continually evaluate each of its programs to identify ways it can overcome these to ensure maximum participation.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual	HTF Actual
Extremely Low-income	17	767	31
Low-income	56	153	
Moderate-income	39	37	

Total	112	957	
--------------	------------	------------	--

Table 13 – Number of Households Served

Narrative Information

IFA/IEDA's immediate issue remains addressing extremely low-income, low-income, homeless, and special needs households. Based on the most recent data provided by the 2022 Iowa Profile, the most critical need for affordable housing in the state includes the lowest income segment, which includes lowans with incomes between 0-30% of AMI or \$0 to \$26,070. This segment is the most severely housing-cost burdened in Iowa with 53.6% paying more than 50% of their income for housing.

In addition to the traditional HUD housing programs (HOME/NHTF), IFA/IEDA has created/is creating several programs to address this problem. First, IFA completed an application for its almost \$30M HOME-ARP dollars with plans to award these funds in early 2024. HOME-ARP is expected to advance housing development and supportive services for vulnerable lowans at the lowest rung of the housing continuum.

Next, IFA continues to operate a Rapid Rehousing pilot initiative using the state's federal Emergency Rental Assistance (ERA2) program allocation. To date, IFA has disbursed nearly \$8.8 million to 15 homelessness prevention, rapid rehousing, and coordinated entry partners to assist lowans in need. Through December 31, 2023, the Iowa RRH Project – ERA2 program had assisted 827 Iowa households with homelessness prevention services and an additional 1,067 households with rapid rehousing services. Finally, IFA has begun a Home Repair Pilot Program with the primary goal to prevent homeowner displacement by assisting with home repairs to maintain the habitability of the home for income qualified persons.

Lastly, during the 2023 program year, additional Covid-19-related funding through ESG (ESG-CV) provided additional assistance to meet these and other needs of persons experiencing homelessness. Additionally, there is some overlap in the assistance provided for persons experiencing homelessness and the assistance provided for persons with disabilities, since the presence of a disability increases ones risk of homelessness.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Emergency Solutions Grants (ESG) program provides a limited amount of funding in support of street outreach to unsheltered persons. In Iowa, the cold winters and other factors result in an unsheltered population that is relatively small compared to more urban areas and areas with more temperate climates. A larger share of supportive services through ESG are offered through shelters, described below. To reach those who are living unsheltered in Iowa, homeless providers and outreach teams work together to identify and engage such persons. Partners include food programs, community libraries, community action programs, daycares, business owners, concerned residents, local law enforcement, medical providers, hospitals, churches and regional programs serving rural areas. Some of those partnerships include homeless programs for veterans and domestic violence/sexual assault providers. This system lowers point of access barriers and offers an array of options to unsheltered individuals and families in Iowa. Outreach and assessment are also core components of Coordinated Entry, which is being implemented on a regionalized basis throughout Iowa, and which communities across the state continue to refine.

Addressing the emergency shelter and transitional housing needs of homeless persons

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

In keeping with federal priorities, the state has traditionally focused its limited ESG dollars to help families and individuals experiencing homelessness, largely through Rapid Rehousing and Shelter. This allows fewer resources for Homelessness Prevention. The agencies that typically continue to offer Homelessness Prevention tend to be those serving more rural areas, where families and individuals are more likely to be doubled-up rather than literally homeless, because of the absence of shelters. Legal aid continues to be an important component of prevention, as does short-term rental assistance.

Regarding discharge of persons from public institutions, the state coordinates with a range of partners,

depending on the type of institution. For example, Iowa law mandates that the case permanency plan for all children in foster care must include a written transition plan for youth aged 16 years and older. Iowa law also extends foster care until the age of 21, during which time youth must participate in an education program or work full time. The Iowa Finance Authority administers the Aftercare Rent Subsidy Program, which includes a monthly rent stipend plus education on renter rights and responsibilities.

For discharge from health care institutions, if someone was homeless prior to admission, health care clinics such as the University of Iowa have social workers who work with patients before discharge to develop housing plans. When applicable, the Projects for Assistance in Transitioning from Homelessness (PATH) Program assists private hospital mental health units to place people into transitional or supportive housing. The VA routinely assists with placement into adult family living situations, long term care facilities, or permanent supportive housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Providers are encouraged to collaborate with local partners, including rapid rehousing and affordable housing providers, to quickly move individuals and families off the streets and out of emergency shelters to stable housing. CoCs in Iowa have used Coordinated Entry tools such as the VI-SPDAT to prioritize assistance to those with the most severe needs.

To prevent returns to homelessness, many providers work with participants for up to six months after securing permanent housing to retain housing, secure and maintain employment and other benefits, and engage services within the broader community. During the Covid-19 pandemic, Rapid Rehousing took on a different role. There were some additional funding sources for Rehousing, which was important to get people out of congregate shelters and into private housing to reduce health risks for both program participants and subgrantee staff providing frontline services.

During 2022, the state launched an additional Rapid Rehousing pilot program, in response to other sources of funding for Rapid Rehousing winding down, including ESG-CV. The program is funded with a portion of the state's Emergency Rental Assistance funds from the U.S. Treasury and provides services through the same overall network of regional organizations as ESG-CV. This program continued to provide services through 2023.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The State does not operate any public housing units; therefore, the Consolidated Plan did not commit to any specific actions related to public housing initiatives. However, the State does work with local public housing agencies (PHAs) and is interested in efforts to increase residents' involvement in public housing management and provide them with expanded homeownership opportunities.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The State does not operate any public housing units; therefore, the Consolidated Plan did not commit to any specific actions related to public housing initiatives. However, although the State does not currently provide subsidies or incentives for homeownership specifically for public housing authorities' residents, the State does work with local public housing agencies and is interested in efforts to increase resident involvement in public housing management and provide them with expanded homeownership opportunities.

Actions taken to provide assistance to troubled PHAs

There are no troubled PHAs in Iowa.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The Consolidated Plan did not commit the State to any specific actions to remove or reduce negative effects of public policy. However, to be proactive, the State continuously monitors public policy and is watchful for issues that may relate to affordable housing and community development. Generally, policies that negatively affect development in more urban areas are not prevalent in Iowa. The State is fortunate that growth controls, excessive regulations, inordinate developer fees, rent control and other potentially negative public policies are not critical problems in Iowa.

In June of 2023, IFA entered into a contract with the Amherst H. Wilder Foundation, Wilder Research, for the purpose of completing a cost-effectiveness and outcomes analysis of Permanent Supportive Housing using a Housing First approach to serve persons experiencing chronic homelessness in Iowa. The study is being completed using the Permanent Supportive Housing cost-effectiveness framework proposed by the National Academy of Sciences. The study is currently in process with a final report anticipated to be provided to IFA by the end of August 2025.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The primary obstacles to meeting underserved needs are lack of financial and human resources and a growing gap between housing costs and incomes. The state continues to leverage American Rescue Plan funds, State and Local Fiscally Recovery funds, and Emergency Rental Assistance funds, in addition to traditional HUD funds in order to minimize these gaps.

The state will continue to use its resources carefully and strategically as evidenced in the Consolidated Plan to reduce the effects of the cost/income gap.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Iowa Department of Public Health (IDPH) Bureau of Lead Poisoning Prevention administers several programs with those funds, including a Childhood Lead Poisoning Prevention Program, Lead-Based Paint Activities Training and Certification Program, Pre-Renovation Notification Program, and Adult Blood Lead Epidemiology and Surveillance Program. IDPH also awards funds on a formula basis to local boards of health for childhood lead poisoning prevention services.

In cases where these services must be procured, IFA will require that the appropriate state-licensed lead

professional is identified prior to processing activity draws. IFA evaluates compliance through the project manager's monitoring of project files and from observations at on-site draw and project monitoring visits. When an issue is identified, IFA works with the IDPH to advise the owner how to comply with the state and federal laws.

The Iowa Department of Public Health (IDPH), the Childhood Lead Poisoning Prevention Program (CLPPP) and the Iowa Institute of Public Health Research and Policy (IIPHRP) have collaborated to form a statewide workgroup to facilitate improved outreach, education, and program changes to prevent childhood lead poisoning in Iowa. The Childhood Lead Advisory Workgroup (CLAW) members include local housing officials, medical professionals, public health officials, elected officials as well as other child health and housing services professionals. The group, formed in 2020, develops comprehensive strategies to prevent childhood lead poisoning through statewide policy and program changes. An IEDA staff member sits on the CLAW workgroup and is able to share information from this group with our recipients. CLAW activities and reports can be found on the IDPH website.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Ensuring economic prosperity is a top priority of the State of Iowa. Recent and current initiatives at the state level regarding job training, housing and childcare are designed to impact all Iowans, but especially those at or around the poverty level.

The State established the Governor's Economic Recovery Advisory Board to assess the economic impacts of COVID-19 across Iowa's residents, workforce and businesses. This Board has developed strategies for encouraging economic growth and prosperity in light of the impacts of the pandemic. More information on the State's strategies can be found here:

https://governor.iowa.gov/sites/default/files/documents/GovAdvisoryBoard_Report_112020_F.pdf

The State, in partnership with non-profit agencies and businesses, can influence the chances of moving families and individuals up and out of poverty by supporting local and regional efforts to create new jobs and improve family incomes. State and regional projects and initiatives that will impact the employment and economic levels of employees and residents, such as financial assistance for entrepreneurial and small businesses, tax incentives, site location assistance, infrastructure improvements to water and sewer systems, community facilities, and downtown commercial rehabilitation, will create a positive economic environment.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

While the Consolidated Plan did not commit the State to any specific actions in 2023 to improve institutional structure, the State is committed to improvements. One of the biggest gaps in the institutional delivery system is the large territory that must be covered by a limited number of staff members. The foundation of institutional structure that supports affordable housing, and community

and economic development is the excellent working relationship and coordination of activities between the IEDA and the IFA. IEDA and IFA work with the Iowa Association of Councils of Governments (ICOG) to develop and implement affordable housing, and community and economic development programs that serve Iowa communities.

ICOG is the statewide professional association for Iowa's 17 Councils of Governments (COGs)/ regional planning commissions in Iowa. Since 1988, ICOG has brought leaders and communities together to promote economic growth, improve public sector services, and solve regional issues for the future of Iowa. In the latest newsletter, ICOG in conjunction with its member Councils of Governments developed a Resilience Toolkit. This toolkit is geared to support small business, nonprofits, and communities prepare to be resilient, managing and marketing to be resilient, and financing to be resilient.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Public agencies, for-profit, and non-profit private organizations all play a part in the provision of affordable housing, social services, capital improvements, and economic development. However, the lack of financial resources for development, operations, and support services is a huge gap to overcome. Addressing these gaps will be a high priority for Iowa. The State will continue to work to provide stronger coordination between agencies and local organizations.

IEDA provides regular workshops and technical assistance for current and potential applicants for CDBG funds. Resources and training materials can be found on the IEDA website: www.iowaeda.com.

IFA provides similar technical assistance and web resources at www.iowafinance.com.

Additionally, IFA coordinates bi-monthly meetings with the Iowa Council on Homelessness.

The State welcomes new partners and will continue to proactively work with other agencies and for-profit and non-profit private organizations to ensure that efficient and effective programs are developed and managed. To the extent that redundancy is reduced, and streamlining is increased, the State and other jurisdictions will better serve Iowa's communities.

Fair Housing Filings and Disclosure (1/1/23-12/31/23)

1) Fair Housing Filings and Disclosure (January 1, 2023 – December 31, 2023) – Received 2504 housing calls and intakes – Housing intake calls = 2,287 – Housing intake interviews = 217 – Received 165 new housing complaints to investigate – 165 signed complaints – 225 drafted complaints – Found probable cause in 3 housing cases – Conducted litigation review on 3 housing cases – 2 cases were settled – 1 is pending

Identify actions taken to overcome the effects of any impediments identified in the

jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The State is committed to fair housing. IEDA and IFA demonstrate the State's commitment to fair housing through its policies, procedures and practices. These are conveyed through workshops, contractual language, management guide instructions and technical assistance. IEDA's CDBG Management Guide, which is distributed to program recipients and is available on the IEDA website, contains sections on fair housing and affirmative marketing. The sections provide guidance for achieving goals.

IFA provides a HOME Program Guide to Rental, Homebuyer, and TBRA recipients which provides guidance on civil rights and fair housing. HOME recipients and developers must submit an Affirmative Fair Housing Marketing Plan, so IFA developed an Outreach Guide to assist them in completing their AFHM Plans. This guide provides links to HUD regulations, publishing standards and forms. The guide also describes the difference between general and special outreach marketing efforts. In addition, it provides ideas for community contacts in Iowa that may be available to reach targeted populations more effectively.

IFA's review of Affirmative Fair Housing Marketing Plans for HOME recipients encourages direct advertising to reach targeted populations found in their housing market areas. The recipients are asked to select and identify underserved targeted populations using the most current American Community Survey 5 year estimates census data. Advertising methods are to demonstrate direct methods of advertising that are known to reach each targeted population. Recipients are encouraged to advertise locally or regionally, increasing the likelihood of attracting selected populations and to find advertising sources or methods known to reach specific underserved groups. Recipients are encouraged to translate ads in other languages used by a targeted group or use alternate methods of advertising such as braille, large print or audio tapes.

IEDA project managers provide technical assistance to recipients regarding fair housing. Additionally, through project monitoring, IEDA reviews each recipient's fair housing performance. If noncompliance with fair housing policies and procedures is indicated, further action is taken. IEDA did not identify any cases of noncompliance in 2023. An IEDA project manager is assigned fair housing as a specialty area. That individual is listed with the HUD Fair Housing Information Clearinghouse and serves as a resource person on fair housing issues.

Between April 1, 2022, and January 31, 2023, Iowa Civil Rights Commission staff provided 7 fair housing education opportunities and participated in 7 outreach events. As part of the education setting, they also made available and distributed 1,092 pieces of material and met directly with approximately 1,121 individuals. Materials distributed included information on state and federal Fair Housing laws and construction accessibility standards.

The Iowa Civil Rights Commission contracted with Family Housing Advisory Services, Inc. (hereafter FHAS) to conduct testing in Iowa. The Commission and FHAS worked together to identify communities in

need of this work. The Fair Housing Center of NE-IA (hereafter FHC) is a subsidiary of FHAS. FHC carried out the testing. In the first phase of the project, FHC conducted 32 matched pair fair housing telephone test. 12 of these tests were related to sales/real estate transactions and 20 were related to rental transactions. These test were conducted to determine if race and nation origin were being used to exclude those from renting/purchasing.

AI Narrative

Iowa Economic Development Authority (IEDA) and Iowa Finance Authority (IFA) have several policies to promote Fair Housing in the State. IFA requires HOME, National Housing Trust Fund (NHTF), and Low-Income Housing Tax Credit (LIHTC) recipients to develop an Affirmative Fair Housing Marketing Plan. These plans must meet certain criteria including direct efforts might be minority or specialized publications i.e., magazine, newspaper, radio or television or building relationships with organizations, churches, agencies or businesses who work directly with an underserved population. Consider the use of alternate advertising formats i.e., by translation to a language used by a minority population, providing alternate formats i.e., braille, large print, audio tapes, electronic methods, etc. Periodically review the special marketing efforts and evaluate successes and failures. Determine how to expand on the successes or make changes in areas needing improvement. All programs follow the requirements at HUD Subpart M, CFR24 Part 200.620. LIHTC allocations can also reference the Iowa LIHTC Qualified Allocation Plan (QAP) for the year the allocation was made. At a minimum, the AFHMP for multifamily rental projects should be reviewed every five years by pulling current demographics, comparing them with current resident percentages then describing successes and/or failures with community contacts and marketing methods. Then successes should be described or a new plan with changes should be provided. For HOME Tenant-Based Rental Assistance or Homebuyer Programs a new plan is required for each new contract. The Iowa Finance Authority requires all properties to target Persons with Disabilities, regardless of the percentages listed. There is also a State Affirmative Fair Housing Marketing Guide that outlines meaningful efforts to identify and attract underserved populations in the housing market area. This guide is found on the Iowa Finance Authority website.

AI Recommendations

Fair Housing Issues/Impediments	Contributing Factors	Recommended Actions to be Taken	Responsible Agency
Segregation	Moderate levels of segregation for Black and Hispanic households	Promote the development of affordable housing units in high opportunity areas	IFA & IEDA
Disparities in Access to Opportunity	Access to proficient schools	Promote the development of affordable housing units in low poverty areas and areas with proficient schools	IFA & IEDA
	Access to low poverty areas	Continue to work with the Olmstead Task Force to reduce barrier to affordable housing for persons with disabilities	
	Lack of access to services for persons with disabilities		
Disproportionate Housing Needs	Black and Hispanic households tends to have higher rates of cost burdens	Continue to preserve affordable housing options through owner occupied and rental rehabilitation and expand affordable housing options throughout the State. Review programs on an annual basis.	IFA & IEDA
Publicly supported housing	Black and Hispanic households tends to have higher rates of cost burdens	Continue to require projects under LIHTC, HOME, and NHTF to establish Affirmative Fair Marketing Plans (AFHMP) that reduce barriers to housing.	IFA
Disability and Access	Insufficient accessible affordable housing	Continue to work with the Olmstead Task Force to reduce barrier to affordable housing for persons with disabilities	IFA
	Lack of sufficient accessible affordable housing	Explore the option of creating a program to provide home loan opportunities targeted to people with disabilities. Encourage a percentage of new LIHTC and HOME units are accessible in areas with higher access to needed services. Continue use of LIHTC's Qualified Action Plan (QAP) Olmstead Goals.	
Fair Housing Enforcement and Outreach	Failure to make reasonable accommodation	Continue to work with Iowa Civil Rights Commission (ICRC) to provide trainings, CDBG grantee requirements on an annual basis. Promote outreach and education related to credit for prospective homebuyers. Include enhanced financial literacy for senior high school students	IEDA
	Insufficient fair housing education		
	Insufficient understanding of credit		
	Discriminatory patterns in lending		
	Discriminatory terms and conditions

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

IEDA and IFA made a draft of this report available for public review and comment. A notice of availability was published in the Des Moines Register on March 12, 2024. The draft report was placed on the IEDA and IFA websites, with a related announcement, on March 12, 2024. IEDA and IFA hosted an in person and virtual public hearing on March 25, 2024, from 9:00 – 11:00 PM at the Iowa Economic Development Authority & Iowa Finance Authority office located at 1963 Bell Ave, suite 200, Des Moines. Attendees were also invited to provide comments virtually by calling into the hearing at XXX-XXX-XXXX (Conference pin: XXXXXXXX#). No comments were provided either in writing or during the public hearing. The hearing was recorded.

Citizen participation was solicited, and comment opportunities were available on the department website, www.iowaeda.com as well as the IFA website, www.iowafinance.com.

The draft CAPER was placed on the IEDA and IFA websites March 12, 2024. Public comments on the draft CAPER were invited through 4:30pm March 28, 2024.

CDBG Monitoring

CDBG Monitoring - IEDA has had responsibility for the CDBG program since 1982 and has developed thorough and effective monitoring procedures for the program. All CDBG funded projects are formally monitored during the life of the project. Monitoring provides an opportunity for IEDA team members to ensure program compliance, project progress, and to provide technical assistance to recipients and grant administrators. IEDA conducts an annual risk-based assessment of all open CDBG projects. This assessment considers the size of the award, compliance issues to date, reimbursement status and administrator capacity. While all CDBG projects will be monitored, the risk assessment helps identify potential problems and helps team members prioritize monitoring efforts. Iowa CDBG program includes a formal project close out procedure that further helps ensure program compliance. IEDA monitoring

policy can be found in the CDBG Management Guide: <https://www.iowaeda.com/UserDocs/2020-cdbg-mgmt-guide.pdf> (pg. 26-29)

ESG Program Monitoring

ESG Program Monitoring - ESG subrecipients receive a monitoring visit approximately once every three years. In-person monitoring includes reviewing agency/program policies and procedures, reviewing a sample of client files, interviews with program and fiscal staff, a voluntary interview with a program participant if possible, and a physical inspection of the facility if it is a shelter. IFA's staff includes a team member that conducts in-person monitoring across several programs and brings consistency and experience to the process. In particular, ESG is monitored in conjunction with the state's Shelter Assistance Fund (SAF) program, as that program follows similar rules for shelter projects, and a significant portion of these dollars contribute to the state's ESG matching requirement. Agencies receive in-person visits for the ESG and/or Shelter Assistance Fund programs. IFA also supplements in-person monitoring with desk monitoring of financial records in support of program expenditures. Each month IFA selects a percentage of funded agencies for this desk monitoring. Agencies submit additional documentation in support of eligible expenses, which IFA then reviews and issues a response back to agencies if the materials demonstrate compliance or if changes or additional information are required.

HOPWA Program Monitoring

HOPWA Program Monitoring - HOPWA sponsors are monitored for compliance through desk monitoring, with selected reimbursement requests sent in for payment. In addition to reviewing expenditures, past desk monitoring has included reviewing information about clients assisted during the period under review. For new TBRA applicants, sponsors sent in full eligibility information for IFA review. For STRMU recipients, sponsors sent in information sufficient for IFA to review ongoing compliance with the annual limitations on assistance. In 2020, IFA updated its reimbursement request policies to expedite grant payment requests from partner agencies, and this expedited process continued in 2023.

HOME and HTF Monitoring

HOME and HTF Monitoring - IFA monitors HOME and HTF activities from allocation throughout their affordability/compliance period. IFA continues to minimize the number of activities that exceed the 120-day deadline for inactivity following the last draw and maintains a high occupancy rate of completed units. The use and enhancement of IFA's HOME program software system enables IFA to continue to improve its monitoring techniques. The allocation team sends initial and final close-out letters to the recipient once the HOME funds have been expended. The letters specify the long-term compliance requirements such as the affordability period, the number of high/low rent units, and if the units are fixed or floating and provide the contacts name in IFA's compliance team. The compliance team then performs long-term compliance requirements such as inspections, rent approvals and review of annual owner certifications and testing of tenant data in their monitoring software. A HOME/HTF rental compliance manual is provided to recipients. IFA is responsible for determining the adequacy of

performance of the projects under their contracts and for taking appropriate action when performance is inadequate, or problems arise. It ensures that HOME and HTF projects are in accordance with their program requirements. IFA also approves the annual Utility Allowances for HOME projects allocated after August 23, 2013, and has created a training video which is provided, free of charge, for owners/management agents on the creation and maintenance of the HUD Utility Schedule Model (HUSM.) Additionally, IFA pays for the 1st year model upon receipt of the acknowledgment that the class has been completed. Refer to CR-50 for additional information on HOME and HTF monitoring and inspections.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction’s program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The Consolidated Plan established the following non-housing community development needs as “high” priorities: public works, public facilities and services, and economic development. Historically, local interest and initiative have driven Iowa's CDBG program. Specifically, IEDA has tried to be responsive to the priorities and needs expressed by applicants, rather than imposing state-established priorities on local governments. There are no changes to the state's program objectives. This is the fourth year of the 2020-2024 consolidated planning cycle.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

For the inspection year 2023:

Number of HOME Projects to be inspected: 127

Number of HOME Projects inspected: 127

Total number of HOME units in these Projects: 2018

Minimum number of Units to be inspected (20%): 828

Actual Units Inspected: 881

Results for properties inspected in 2023.

HOME Monitoring Results - 2023 Page 1

CFR 91.520(e) and 24 CFR 92.351(a)

IFA provides a HOME Program Guide to Rental, Homebuyer, and TBRA recipients which provides guidance on civil rights and fair housing. IFA developed an Affirmative Fair Housing Marketing Guide to assist recipients and developers in completing their AFHM Plans. This guide describes the meaning of affirmative marketing and the goals of the plan. It also provides links to HUD regulations, publishing standards and forms; instructions on completing plan worksheets; highlights some common mistakes; and provides guidance on how to evaluate your plan at least every five years. Each Affirmative Fair Housing Marketing Plan has to address the following:

- Information about the recipient/owner/agent of HOME-assisted housing.
- Gather demographics to determine targeted marketing activity for populations who may need special outreach in the housing market area.
- Identify community contacts who can describe how they interact with and reach selected groups, dates of contact, and how they have agreed to assist with the plan.
- Identify and document methods of advertising used to reach targeted populations (i.e., newspaper, websites, brochures, etc.), list languages in which ads will be provided, alternative formats used (i.e. large print, braille, etc.), and identify methods used to reach majority populations.
- Identify how they will make available to the public fair housing posters, affirmative fair housing marketing plans. Location and content of project site signs, if applicable.
- Describe how they will evaluate current marketing activities effectiveness and how future marketing decisions and plan updates will be managed.
- Identify who will be responsible for training and assessment of staff to acquire knowledge on Fair Housing Act and Policies and implementation of the Affirmative Fair Housing Marketing Plan.
- To include additional information, if needed, to explain efforts made to market to those least likely to apply in the housing market area.
- HOME recipients are required to target persons with disabilities regardless of percentages found in the housing market area.

HOME recipients were asked to provide Affirmative Fair Housing Marketing Plans that were complete and demonstrated the opportunity for effective implementation to meet Affirmative Fair Housing Marketing goals. Recipients were encouraged to document extra effort taken to directly market to underserved populations so they could effectively evaluate their outreach efforts. Advertising included traditional and non-traditional methods. Staff encouraged recipients to seek alternate marketing formats in other languages, large print, or braille. Recipients were also asked to seek out local community contacts before using regional or statewide contacts to increase the likelihood of attracting targeted populations. Marketing was found to include but were not limited to:

- Churches

- Community Agencies
- Regional or State Agencies
- Advocacy Groups
- Publications directed to a targeted group(s)
- Special obligation to market to persons with disabilities (Section 504)

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Total Program Income (PI, HP & PA) Expended on Activities in CY2023 per PR07: \$1,497,184

Total Program Income Expended on Completed Activities in CY2023: \$2,706,476. This program income includes ALL program income expended on activities that were completed during CY2023 regardless of what year the program income was expended.

Hombuyer Subrecipients: \$0 in program income draws expended to 0 project representing 0 IDIS activities.

Rental with Tax Credits: \$2,547,796 in program income draws expended to 8 projects representing 8 IDIS activities.

Rental without Tax Credits: \$0 in program income draws expended to 0 projects representing 0 IDIS activities.

TBRA: \$158,680 in program income draws expended to 2 projects representing 2 IDIS activities.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

IFA administers the Low Income Housing Tax Credit (LIHTC) program. One LIHTC Project received HOME in the 2023 funding round with a HOME award of \$500,000.

IFA provides subsidies to persons who have received a home and community-based waiver services under the Medicaid program and individuals who are eligible for the federal Money Follows the Person grant program if they are eligible for rental assistance under this program. IFA expended over \$713,528.61 in CY 2023.

In fiscal year 2023, the State Housing Trust Fund (SHTF) provided more than \$11.3 million to help ensure decent, safe, and affordable housing for low-income lowans through two important programs. The Local

Housing Trust Fund (LHTF) Program receives the vast majority of the annual SHTF allocation to provide grants for organizations certified by IFA as a LHTF. LHTFs serve all 99 Iowa counties and, in fiscal year 2023, provided a minimum 21% local match for every dollar received from the State. The grant funds are used for initiatives such as preserving aging housing stock, subsidizing local rental and down payment assistance programs, providing low-interest loans or grants to assist with home rehabilitation and accessibility improvements, financing construction of new single-family housing, and supporting housing for persons with disabilities and persons experiencing homelessness. The remaining SHTF funding (\$150,000 in fiscal year 2023) goes to the Project-Based Housing Program, which aids in the development of affordable single-family and multifamily housing, including Habitat for Humanity home builds. The Project-Based Housing Program assists locally supported affordable housing projects that are not eligible to receive funding under a LHTF's Housing Assistance Plan. In total, the SHTF grant awards approved in fiscal year 2023 are estimated to preserve and/or create approximately 2,400 affordable housing units across Iowa upon completion of all activities identified in the approved grant agreements. As of December 31, 2023, more than 700 assisted units had been reported as complete under fiscal year 2023 SHTF awards

IFA provides administrative services to HUD to monitor performance of owners and management agents participating in project-based Housing Assistance Payments (HAP) Contracts under Section 8 of the United States Housing Act of 1937. IFA currently provides services to 198 Iowa rental properties, that provide housing to 11,618 units (individuals/families) in 66 Iowa counties.

IFA/IEDA continues to spend down the State and Local Fiscal Recovery Funds it received in 2021. The State made a \$100 million investment to increase the supply of housing options and protect and expand housing opportunities for Iowans to live in or near the communities where they work. These programs included: Federal Housing Tax Program, Iowa Home Grant, Downtown Housing Grant Program, Homes for Iowans, Minority Homebuyer Downpayment Pilot Program, and a Home Rehabilitation Block Grant Program.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	100	108
Tenant-based rental assistance	48	71
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	0	34
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0	41

Table 14 – HOPWA Number of Households Served

Narrative

Note that elsewhere in this CAPER, STRMU assistance data is captured through individual persons, not households. To be consistent, this is how STRMU data is presented here also.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

Consistent with its approved HTF allocation plan, IFA held an HTF funding round in June of 2023. Only one application was received. This application was not funded due to concerns related to eligibility and affordability. These unused funds will be integrated into future applications. IFA is also working to find opportunities to partner HTF funds with future Low-Income Housing Tax Credit projects.

There were no emergency transfer requests made under 24 CFR 5.2005(e) or 24 CFR 92.359 during the program year.

Tenure Type	0 – 30% AMI	0% of 30+ to poverty line (when poverty line is higher than 30% AMI)	% of the higher of 30+ AMI or poverty line to 50% AMI	Total Occupied Units	Units Completed, Not Occupied	Total Completed Units
Rental	31	0	0	31	0	31
Homebuyer	0	0	0	0	0	0

Table 16 – Qualitative Efforts - Number of Activities by Program

Narrative

The state held a successful, stand alone, Section 3 training for interested HOME/HTF/CDBG applicants in November of 2023. In addition, Section 3 training is part of both the Certified Grant Administrator Training and Recipient Workshop put on by IEDA each year.

Grant Year: 2015

Project: 0003 - CDBG Housing

Objective: Provide decent affordable housing

IDIS Activity: 9228 - Grundy County - 981

Outcome: Availability/accessibility

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Completed 03/14/2023

Matrix Code: Homeownership Assistance-excluding Housing Counseling under 24 (

Location:

National Objective: LMH

Initial Funding Date: 08/25/2020

Description:

Financing:

This project struggled from the very beginning.

Funded Amount: \$0.00

Only one of the five scheduled units was completed. Homebuyers

Net Drawn: \$0.00

couldn't get qualified for a mortgage even with the assistance.

Balance: \$0.00

The number of homes available in the range a LMI homebuyer could purchase were also very limited.

Proposed Accomplishments:

6 applications in total were processed, which only produced one accomplishment.

Households (General) : 1

We will be de-obligating \$109,289 in Activity One funds.

Total Population in Service Area: 0

The Grant Administrator did draw down all administrative funds.

Census Tract Percent Low / Mod: 0.00

However, they put in the work trying to get people assisted with no success.

Outcome: Availability/accessibility

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Completed 03/14/2023

Matrix Code: Homeownership Assistance-excluding Housing Counseling under 24 (

Location:

National Objective: LMH

Initial Funding Date: 08/25/2020

Description:

Financing:

Funded Amount: \$12,211.00

Net Drawn: \$12,211.00

Balance: \$0.00

This project struggled from the very beginning. Only one of the five scheduled units was completed. Homebuyers couldn't get qualified for a mortgage even with the assistance. The number of homes available in the range a LMI homebuyer could purchase were also very limited. 6 applications in total were processed, which only produced one accomplishment. We will be de-obligating \$109,289 in Activity One funds. The Grant Administrator did draw down all administrative funds. However, they put in the work trying to get people assisted with no success.

Grant Year: 2020

Project: 0003 - CDBG Housing

Objective: Provide decent affordable housing

IDIS Activity: 9228 - Grundy County - 981

Outcome: Availability/accessibility

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Completed 03/14/2023

Matrix Code: Homeownership Assistance-excluding Housing Counseling under 24 (

Location:

National Objective: LMH

Initial Funding Date: 08/25/2020

Description:

Financing:

Funded Amount: \$0.00

Net Drawn: \$0.00

Balance: \$0.00

This project struggled from the very beginning. Only one of the five scheduled units was completed. Homebuyers couldn't get qualified for a mortgage even with the assistance. The number of homes available in the range a LMI homebuyer could purchase were also very limited. 6 applications in total were processed, which only produced one accomplishment. We will be de-obligating \$109,289 in Activity One funds. The Grant Administrator did draw down all administrative funds. However, they put in the work trying to get people assisted with no success.
