What is the intended benefit of the rule?

To describe the process by which islands (as defined in Iowa Code section 368.1(10)) were identified by county boards of supervisors and annexed to surrounding cities by the city development board.

Is the benefit being achieved? Please provide evidence.

The city development board was granted authority to annex islands to surrounding cities that were identified prior to January 15, 1992 by 1991 Iowa Acts, House File 182. The legislation also prevented the creation of additional islands after the effective date of the act. The chapter is therefore obsolete.

What are the costs incurred by the public to comply with the rule?

None.

What are the costs to the agency or any other agency to implement/enforce the rule?

None.

Do the costs justify the benefits achieved? Please explain.

No costs are currently imposed by the rule.

Are there less restrictive alternatives to accomplish the benefit? YES NO

If YES, please list alternative(s) and provide analysis of less restrictive alternatives from other states, if applicable. If NO, please explain.

The chapter is obsolete and has no current impact on city development board action.
