All units designated as NHTF

100% of the NHTF units must have income at or below 30% of area median income (AMI) per the county the project is located.

The NHTF units must maintain and serve tenants that have income at or below 30% AMI and must be maintained throughout the entire affordability period of 30 years.

NATIONAL HOUSING TRUST FUND

Income Restrictions Apply

Once a project's construction is complete and all units have been initially occupied, the project will be handed over to IFA's long-term compliance team, where the tenant's income will be verified for eligibility during the affordability period.

NATIONAL HOUSING TRUST FUND

Unit Rent Restrictions Apply

The project must use HUD's NHTF rents, released by HUD annually.

This original rent is the floor rent for your project, meaning that rents cannot go below this original rent but can be increased if HUD's rent increases. A project cannot increase rents until the tenants' leases are ready for renewal and then the project must follow the law to timing of notices to tenants if rents will be increased.
