

### *Purpose and Summary*

Pursuant to Executive Order 10 (January 10, 2023), the Authority proposes to rescind Chapter 29 and adopt a new chapter in lieu thereof. The chapter describes the policies and procedures applicable to the Rural Innovation Grant program. The program supports creative, nontraditional ideas that focus on current issues and challenges faced by rural communities associated with the themes of community investment, growth, and connection.

The updated chapter will be more concise throughout, including elimination of an unnecessary definition of “agreement.” Additionally, the definition of “applicant” will be updated to specify that a business applicant must have a physical location in Iowa. Rule 261—29.3(88GA,SF608) will be updated to specify that an applicant’s proposed project, in addition to the applicant itself, must serve a city that has a population of 20,000 or less and that is not contiguous to a city with a population of 40,000 or greater.

Rule 261—29.4(88GA,SF608) will be updated for consistency with Iowa Code section 15.439, which requires that additional consideration is given to projects included in an Iowa Great Places agreement. The updated rule will specify that additional consideration will be given to projects in communities with a population of less than 10,000, consistent with equivalent scoring criteria for the Rural Housing Needs Assessment Grant program in 261—paragraph 28.4(2)“d.”

The implementation sentence will be updated to include reference to Executive Order 11 (October 19, 2023), which restructured the Empower Rural Iowa initiative but maintained the Authority’s ongoing role to provide staffing and administrative assistance to the initiative.

### *Analysis of Impact*

#### **1. Persons affected by the proposed rulemaking:**

- **Classes of persons that will bear the costs of the proposed rulemaking:**

Entities interested in applying for or receiving assistance through the program will bear the costs of the rulemaking.

- **Classes of persons that will benefit from the proposed rulemaking:**

Entities interested in applying for or receiving assistance through the program will benefit from the rulemaking.

**2. Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:**

- **Quantitative description of impact:**

Entities interested in applying for financial assistance may require staff time to complete an application for financial assistance. Recipients may similarly incur costs to comply with reporting and monitoring requirements of the program. Some applicants may choose to rely on an external service provider to complete these tasks. The amount of the costs will vary, depending on the compensation of staff or service providers involved.

- **Qualitative description of impact:**

The program supports creative, nontraditional ideas that focus on current issues and challenges faced by rural communities associated with the themes of community investment, growth, and connection.

### **3. Costs to the State:**

- **Implementation and enforcement costs borne by the agency or any other agency:**

Authority staff time is required to review and approve applications, draft and execute program contracts, disburse funds, review reports, and communicate with program applicants and recipients.

- **Anticipated effect on state revenues:**

The rules have no anticipated impact on state revenues. The Authority was directed to provide staffing and administrative assistance to the Empower Rural Iowa initiative by Executive Orders 3 and 11 and to establish the program by 2019 Iowa Acts, Senate File 608. Additional appropriations for Empower Rural Iowa have been utilized to continue funding the program.

### **4. Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:**

Only the entities that will potentially benefit from financial assistance bear the costs of the rulemaking. The costs to the State to administer the program are proportional to the activities supported by financial assistance.

### **5. Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:**

The Authority has not identified any less costly methods or less intrusive methods for administering the program.

**6. Alternative methods considered by the agency:**

- **Description of any alternative methods that were seriously considered by the agency:**

The Authority did not consider any other methods.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

The Authority did not consider any other methods.

*Small Business Impact*

**If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:**

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.
- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.
- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.
- Establish performance standards to replace design or operational standards in the rulemaking for small business.
- Exempt small business from any or all requirements of the rulemaking.

**If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?**

The proposed rules do not have a substantial impact on small business. The application, contracting, and monitoring requirements related to the program are no more than necessary to administer the statutory requirements of the program. The rules do not establish design or operational standards.
