

Purpose and Summary

Pursuant to Iowa Code section 15.517 as enacted by 2025 Iowa Acts, Senate File 657, the Authority proposes to adopt Chapter 300. The chapter describes the policies and procedures applicable to the Iowa Film Production Incentive Program. The program provides rebates to qualified production facilities to produce qualified productions in the State of Iowa. The chapter will set forth eligibility requirements, application procedures, and review processes for the program.

Analysis of Impact

1. Persons affected by the proposed rulemaking:

- **Classes of persons that will bear the costs of the proposed rulemaking:**

Qualified production facilities interested in applying for or receiving a rebate through the program will bear the costs of the proposed rulemaking.

- **Classes of persons that will benefit from the proposed rulemaking:**

Qualified production facilities interested in applying for or receiving a rebate through the program will benefit from the proposed rulemaking.

2. Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:

- **Quantitative description of impact:**

Qualified production facilities interested in applying for a rebate may require staff time to complete an application for a rebate. Recipients may similarly incur costs to comply with monitoring requirements of the program. Some applicants may choose to rely on an external

service provider to complete these tasks. The amount of the costs will vary depending on the compensation of staff or service providers involved.

- **Qualitative description of impact:**

The program provides rebates to qualified production facilities producing a qualified production in the State of Iowa.

3. Costs to the State:

- **Implementation and enforcement costs borne by the agency or any other agency:**

Authority staff time is required to review and approve applications, draft and execute program contracts, disburse funds, and communicate with program applicants and recipients.

- **Anticipated effect on State revenues:**

The proposed chapter will have no anticipated impact on State revenues. 2025 Iowa Acts, Senate File 660, appropriated \$4,000,000 for the program.

4. Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:

Only the qualified production facilities that will potentially benefit from program rebates bear the costs of the proposed rulemaking. The costs to the State to administer the program are proportional to the activities supported by rebates.

5. Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:

The Authority has not identified any less costly methods or less intrusive methods for administering the program.

6. Alternative methods considered by the agency:

- **Description of any alternative methods that were seriously considered by the agency:**

The Authority did not consider any other methods.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

The Authority did not consider any other methods.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.
- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.

- Consolidate or simplify the rulemaking’s compliance or reporting requirements for small business.
- Establish performance standards to replace design or operational standards in the rulemaking for small business.
- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

The proposed rules do not have a substantial impact on small business. The rules are no more than necessary to administer the statutory requirements of the program.
